She left town the same day with a load of coin.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bar, Ky. He writes: Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since. It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Mr. Gardner—Why, how's that, Mary?

Mrs. Gardner—I recollected to-day that when I did the planting I forgot to open the cans!—Puck.

Suffered for Five Years with Kidney and Liver Trouble.

"I suffered for five years with kidney and liver trouble, which caused severe pains across the back and a blinding headache. I had dyspepsia and was so constipated that I could not move my bowels without a cathartic. I was cured by Chamberlain's Stomach and Liver Tablets and have been well now for six months," says Mr. Arthur S. Strickland, of Chattanooga, Tenn. For sale by Dr. W. N. Craig, the popular druggist, Stanford.

The increased acreage in tobacco in this vicinity this year will amount to fully 25 per cent. The cause of this is the lower rental for good tobacco lands than in any county north of us and the high prices realized, for West End crops for the past five years.

A large crowd attended the J. H. McHargue sale last Thursday and good prices were realized. Hogs brought 6½c and horses brought fair prices. Mr. McHargue and family leave this week for Oklahoma and take with them the best wishes of their many friends.

A new day is dawning for our city and it is not unreasonable to say we are setting an example that will lead to an increased industrial and commercial revival not only here but in the county. What we need to increase our population is the electric line from Stanford through here to Liberty. Nothing is wanted to secure it but the united efforts of our citizens and the evidence of business that will justify the expenditure. Assist in securing this road by calling on the secretary of the Commercial Club for particulars. One here can not make much money, but a hive of them can attain results, and exactly the same principle applies to our case. In the near future new streets will be put on the market at prices that will insure their quick sale. One large building and a number of cottages will be erected in the new addition ere long.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial Constable at Chippewa, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Dr. W. N. Craig, the popular druggist, Stanford.

JUDGE JOHN W. HUGHES.

of Mercer county, is a candidate to represent the Eighth Congressional district of Kentucky in Congress, to succeed Hon. G. G. Gilbert, subject to the action of the Democratic party.

ADVERTISING pays even in the churches. In Knoxville, Tenn., the pastor of the First Cumberland Presbyterian church, at his wits' end to check a falling off in the attendance at his Bible school, recently inserted a page advertisement in a Sunday morning paper inviting young men to come to the meetings. The effect was instantaneous. As a result of one insertion of the "ad" the membership of the Bible class increased one-third, and scores who had never heard of it became sufficiently interested to write and inquire concerning its work. The church officials say that \$100—the cost of the advertisement was never spent more advantageously for the cause of religion.

THE Iron Age shows that the big iron production for March beat all records. The production of the coke and anthracite furnaces was 2,165,632 tons, which is nearly 100,000 tons in excess of the production in January. In the short month of February the production dropped below the million tons. The weekly capacity of coke and anthracite furnaces in blast on the first of this month was 482,240 tons, an increase of about 5,000 tons over the first of March, and 2,000 tons greater than the previous record, February 1. The present production is at the rate of well over 25,000,000 tons per annum.

GOVERNMENT ownership of public utilities shows up very badly in Great Britain, where, for years, it has owned and operated the telegraphs. At the time they were taken they were paying private owners a profit of \$1,710,000 a year. The correspondent of the New York Times shows that "last year there was \$4,610,000 excess of expenditures over receipts, besides \$1,358,500 interest on the purchase money, making a net loss of \$5,968,500.

In the presence of a distinguished assemblage, with the President of the United States taking a prominent part, with the Supreme Court and the Senate, the House of Representatives and the diplomatic corps as spectators, and before a large concourse of people, the corner stone of the office building of the House of Representatives was laid with impressive ceremonies in Washington Saturday afternoon. The address of the day was made by President Roosevelt.

In his speech at the Jefferson Day banquet at Kansas City, Representative Charles A. Towne, of New York, dubbed President Roosevelt as the "greatest promoter and smallest performer since Judas Iscariot." Teddy will no doubt reply by calling Mr. Towne as many kinds of a liar as he charged that Hon. Alton B. Parker was.

AN Atlanta woman kissed Carnegie while he was shaking hands with the people. The old fellow liked to have fainted, and afterwards held his hand over his mouth while meeting the Southern women. All of which goes to show that the Scotchman is better supplied with means than brains.

THE Pittsburg Gazette publishes statistics showing that more than 1,000 colleges students have been killed in athletic sports within the past 10 years. But there is one compensating thought. Those who got killed would probably never have amounted to anything had they lived.

J. G. YADEN, who "misrepresented" Laurel and Rockcastle counties in the last Legislature, has secured a job as fireman on the L. & N. We congratulate the gentleman on his change of vocation. It was certainly a wise act on his part.

Five hundred Missouri Democrats attended a Jefferson banquet in Kansas City. The principal speakers were Gov. Folk, Senator Stone and Congressman Towne, of New York.

At the last counting there were 10 congressional candidates in the field, with a dark horse or so under cover. The "festive floater" in the Eleventh district will be in high spirits this summer.—Middlesboro News.

The State Commission, created by the last General Assembly for the purpose of selecting sites for two normal schools in the western and eastern sections of the State, formally organized in Frankfort. Propositions for the location of the institutions will be received by the commission until May 7.

Instead, the term "destruction" will be substituted.

Sunday was not a perfect Easter, as a cold wind blew and old Sol did not show his face except for a short while. The weather cut no figure with those who had gotten their Easter outfits, however, for they wore them and shivered. At the various churches Sunday there was unmistakable evidence of active business in millinery and mantua making lines and proof a plenty that the milliners and dressmakers knew their business.

"IN MEXICO" is only one of the numerous song hits in "A Royal Slave," which will be seen at Walton's Opera House Saturday night, 21st. Perhaps no better idea of the rich, pulsing nature of Mexican life could be had than by hearing those splendid melodies, characteristic of the people and the time. Sung by sweet voiced singers, they carry their hearers back to the days of Maximilian in the land of sunshine and flowers.

CONSIDERABLE confusion was caused at the Schubert entertainment Saturday evening by several persons holding coupons for the same seats. The opera house management was not in fault, as it did not sell the tickets, but it pledges that there shall be no repetition of such errors. The management regrets the mistakes as much, if not more, than those who engaged reserved seats in abundant time and were compelled to take other seats.

A good crowd greeted the Schubert Symphony Club at Walton's Opera House Saturday evening and enjoyed to the fullest extent the splendid program rendered. The vocal solos and quartettes were good and the instrumental numbers splendid, but the violin playing of Master Tom Parcell is deserving of especial mention. He is little short of remarkable with the bow and his efforts were rewarded by liberal applause. The Graded School, which played the Schuberts here, cleared about \$25.

It is our desire to extend thanks to those who attended the entertainment on Saturday night. It was demonstrated that the Stanford people will patronize a good entertainment given in a worthy cause. It showed to those who do not praise the good but continually carp against the bad, that the denizens of our town are ready to support a good thing when they are convinced of its genuineness. We thank the management of the opera house for its interest in making everything work out pleasantly and to any who helped in this cause we desire to express our appreciation through the columns of this paper. J. W. Ireland.

The annual horse show at Hustonville Saturday afternoon brought a big crowd to town, but in point of number the show of horses was not up to the average. Quality made up for quantity, however, for those present were "blue string winners," all of them. The following were exhibited: Dignity Dare and Col. Bird, D. S. Carpenter's magnificent pair, and a yearling by the first named horse; Dare All, C. C. Carpenter's good one by Dignity Dare, as handsome as a picture; E. S. Powell & Son's Almont Dare, a toppy three-year-old by Dignity Dare, who promises to take the place of his sire as a breeder; The Warfield, S. M. Owens & Son's superb trotting stallion, a good gaited fellow with individuality and a rich pedigree; Captain Dare, George Peyton's pretty son of Dignity Dare; Jesse Alverson, J. K. Baughman's pretty Shetland pony, and Dixie, the popular pony of Charley Nunneley. Stigall Bros. had on hand their good Jack, Surprise Hawk, and E. S. Powell & Son a fine two-year-old Jack, Bob Tarkington.

AXMINSTER, Velvet, Tapestry, Jute, Ingrain druggists, carpets, matting, rugs, wall paper, lace curtains, window shades and all kinds of furniture. Tribble & Pence.

We have several hundred bushels of extra nice millet seed, have had them well cleaned and our price is right. Write us for samples and price. J. H. Baughman & Co.

Mr. Jas. I. Hamilton, of Lancaster, announced his candidacy for Congress in a speech at Mt. Vernon Saturday night. A gentleman who was present tells us that it was well received.

I HAVE just returned from the city with a nice line of millinery, and I earnestly solicit the patronage of the ladies of McKinney and community. Mrs. M. V. Moore, McKinney, Ky.

BRIGHT.—Mrs. John W. Bright died at Danville Saturday night of heart trouble, aged 43. The burial occurred in the Danville Cemetery Sunday, after services by Rev. H. C. Garrison. She was a daughter of the late W. B. Harlan and is survived by a husband and four children.

MARKET GARDEN.—My customers of 1905 please remember that I have moved my place of business from Ed Hubbard's to W. C. Shanks' on Lower Main Street, where I have a better location and an abundance of all kinds of plants. Remember the place. You can easily find it, and those who are judges of good quality will surely come there. J. W. Brackett.

PROMPT SETTLEMENT.—The Supreme Tent K. O. T. M. settled with Mrs. Sarah Hubbard, mother of Sir Knight John W. Hubbard, late of Kingsville, in the sum of \$1,000, amount of certificate held by her son, who was killed by the train on March 17th. Check was delivered to the mother within seven days from date of filing proofs, writes Mr. M. G. Murphy, record keeper of the Kingsville Tent.

THERE is something about the character of a newspaper correspondent as he is shown on the stage, that is irresistibly attractive. He is always breezy, humorous, Bohemian, ready for fun, work or any old thing that comes along. In Gordon & Bennett's "A Royal Slave" which will be seen at Walton's Opera House Saturday night, there is a correspondent who not only gets the news but gets the right people out of trouble and the other people in trouble, and finally gets the dainty dancing girl as well.
